

Request for Booking

ReSound Community Choir are a voluntary organisation and as such have only a limited amount of time available for performances. However, if you have an event or charity you would like to invite us to perform for, please don't hesitate to fill in this request form and we will do our best to lend our support. ReSound are happy to be part of events that raise money for charity, but would like to make it clear that we do not raise money for political or religious organisations.
